D. Other (Specify type of modification and authority)							
E. IMPORTANT: Contractor <input type="checkbox"/> is not <input type="checkbox"/> is required to sign this document and return one (1) copy to the issuing office.							
14. Description of Amendment/Modification (Organized by UCF Section headings, including solicitation/contract subject matter where feasible.)							
1. THE PROPOSAL SUBMISSION DUE DATE AND TIME IS HEREBY EXTENDED FROM: 2:00 PM LOCAL TIME, THURSDAY, AUGUST 20, 2009, TO: 2:00 PM LOCAL TIME, THURSDAY, AUGUST 27, 2009.							
2. RESPONSES TO QUESTIONS OF CLARIFICATION ARE SET FORTH IN ATTACHMENT I.							
Except as provided herein, all terms and conditions of the document is referenced in Item 9A or 10A remain unchanged and in full force and effect.							
15A. Name and Title of Signer (Type or print)			16A. Name of Contracting Officer				
			Kenneth Morrow				
15B. Name of Contractor		15C. Date Signed		16B. District of Columbia		16C. Date Signed	
(Signature of person authorized to sign)				 (Signature of Contracting Officer)		8-14-09	

1. Is this a request for on-site or off-site personnel?

Response: This is an on-site personnel request.

2. Have a minimum number of hours been established for this tasking? If not, would MPD consider establishing a minimum number of hours committed for the firm who is awarded this contract?

Response: There are approximately 1560 hours per person associated with this effort for the base year and approximately 2,080 hours per person for the option year. See Attachment B of the solicitation.

3. Is there an incumbent firm for the tasking contained in this order? If so, can you provide an estimate of the hours that the firm is currently working on a monthly basis?

Response: No

4. Is there an estimated start date for the selected firm?

Response: Ten to Fifteen days after the award date.

5. Can the proposals in response to this task order be submitted via email?

Response: Proposals must be delivered or mail. See Item #6 of the solicitation

6. What is the technical environment of the present systems? On what hardware platform, operating systems, database systems and languages have the legacy and current applications been developed?

Response: MPD IT is a Windows shop with a mix of OS 390 mainframe, Linux Redhat and Window Centric Servers. Data is stored either in flat files, SQL or Oracle.

7. What is the migration plan for the 7 listed systems (Youth Services Case Tracking system, etc.)?

Response: Once the new Youth Case Management System is deployed, all new juvenile related cases will be entered into that new system. The Investigators will have an established amount of time to close out any open/active cases on the Approach system and after that date, the Approach data will be migrated over to the new system in a "History" table for look up purposes.

The other systems such as the Arrest system will use ETL as the migration/integration strategy. Three databases (Juvenile, Missing Person and Approach) and will collapse into this new architecture. The other four systems will not collapse into this but instead be integrated with this new data source.

8. What tools/technologies will be utilized to achieve the migration?

Response: SQL Scripts, Oracle stored procedures daemons and Informatica ETL package.

9. Why are the systems being migrated? Specifically, what are they being migrated from and to?

Response: Same as number 7 above.

10. Which of the 5 listed positions will provide legacy migration support?

Response: The Technical Project Manager, Database Administrator/Engineer, and Program Analyst.

11. Which of the 5 listed positions will provide maintenance support?

Response: Any of the 5 listed positions may provide maintenance support.

12. What are the technical environments for which maintenance support is required?

Response: This is a N Tier environment, web logic/services, application logic, database and middleware (scripts, custom API's).

13. Section C.3.1.3 discusses developing applications "that automates or improves automation". Can you please provide additional details about the type of automation or improved automation you are seeking to achieve? Is there a specific automation tool set that you are using?

Response: The goal of this exercise is to automate the business process and workflow which was historically manual and paper driven. The pending application will become the automated tool.

14. Section 2.1 of the solicitation asks for experience in designing and implementing case management tools. What case management tools do you presently use?

Response: We currently use Approach and WACIIS COTS products.

15. Which applications reside in an AS400, Mainframe and "outdated client server architecture"?

Response: The Property and Evidence is in AS400 format. Investigated services, arrest and booking and warrant systems are mainframe. The outdated client/server environment has ICM and Juvenile data.

16. Section C.3 Requirements discussed the "5 year strategic plan of the automated Police force". Can we receive a copy of this strategic plan?

Application Development for Youth Services Case Tracking Services

Amendment No. 001

Response: These are law enforcement systems containing highly sensitive data, and security policy does not allow the District to share information with non-MPD personnel.

17. Who will provide the overall tasking and direction for each of the 5 staff?

Response: MPD I.T. PMO office.

18. Is there an incumbent currently providing the services identified in this RFP? Who is the incumbent?

Response: Refer to question #3.

19. If an incumbent provider, why is the MPD-OCTO seeking a contractor?

Response: N/A

20. Will the District of Columbia consider extending the RFP due date from Thursday, August 20, 2009, 2:00pm local time until Thursday, August 27, 2009, 2:00pm local time?

Response: Yes. See Item #1 of this amendment.

21. Is there a requirement for the MPD systems under consideration to interface with other DC enterprise systems outside of the MPD environment?

Response: Yes, there are 3 primary systems that this system will interface with (a) Dispatch Center Systems - (CAD - Intergraph - this is the Incident Management System for 911 Emergency Calls); (b) CFSA System - This agency manages juveniles special cases; and (c) Court Systems - This allows the court and Attorneys office to interact with the system.

22. What are the MPD enterprise standard tools that support web applications and mapping/translation of data between applications?

Response: MPD uses a variety of tools. (a) For ETL, MPD uses a compliment of SQL and Oracle Stored procedures in combination with Informatica; (b) For Extraction of files and parsing into the application Database, MPD uses a variety of Daemons and customized APIs; (c) As it relates to Web Logic Layer, MPD uses Apache-Tomcat and IIS 6; (d) For standard development language tools, MPD primarily uses (i) .NET Visual C + "sharp" (ii) JAVA (iii) AJAX; and (e) Standard Data Repository for the application development would be SQL 2005 or Oracle 10G.
